The 2019 Glass Festival

The Amazing Glass Challenge

'Season of Laughter'

Laughter is something that blesses our lives, hopefully on a daily basis. You never know when it will strike — and it can happen in the most unexpected and unusual ways.

Your challenge for [The Amazing Glass Challenge 2019](#) is to paint this wonderful experience in glass. If that's not challenging enough, you'll also need to pick a season of the year for your theme — spring, summer, autumn or winter. And limit the size of your entry to no larger than a foot square and a foot high, if applicable. Keep in mind that laughter does not have to be limited to actual human experiences. Animals experience it and humor can appear in the world in a variety of interesting ways. Use your imagination to come up with a unique way of expressing one of the most joyous gifts of our lives!

Each contestant will be given a few pieces of seafoam green glass which they should incorporate into the piece. Any technique may be used: stained glass, fusing, mosaics, flamework or etching.

Entries will be judged on the following criteria:

- * Overall aesthetic effect: Artistic quality of the whole design as in the use of color, shape, balance, emotional impact, et al.
- * Difficulty level: The level of difficulty in the chosen medium (or combination of media), ranging from easy to complex.
- * Execution of techniques: The degree of perfection implementing the techniques included in the piece.

**ENTRIES MUST BE RECEIVED BY
FRIDAY, SEPT. 20, 6:00 PM.**

[Ridge Glass](#). This glass is left over from the [Ocean Laughter II Glasscape Lighting Sculpture Project](#).
